

The Most Authentic & Transparent Technology Conference In Higher Education

Because it's run by your peers

Early Bird Pricing Ends 1/19/2024

- Over 250 peer-led sessions on what's working at their campus
- Software-specific networking and collaboration time
- Great destination location with awesome weather in March
- Entry-level staff through C-level tracks

The message at every other industry conference is vendor led, and controlled. Alliance is the only place you can get honest, transparent peer-based advice, guidance, and best practices.

PeopleSoft, Workday, and Ellucian Schools represented.

Over **2,000 attendees** from hundreds of institutions across the world.

OUR PROMISE: 3 days away and a **\$1100** registration will save your institution \$100,000 in consulting costs this year.*

New this year

*The information, project management hacks, software workarounds, and functional solutions you'll uncover at this event, not to mention the relationships that will support you year-round will replace consultants and advisors you'd typically need to hire for ideas and fixes.
